RIGID LOC – DESIGN MEETS INNOVATION

We have developed an innovative mounting system called RIGID Loc to ensure bathroom accessories don't come loose or wobble free on their mounting. (SA Patent 2012/05046)

The Problem

Loose, wobbly bathroom accessories.

The Cause

Traditionally bathroom accessories were attached to the mounting using set screws, which had to be retightened regularly to keep the accessory in place.

The Solution

Bathroom Butler bathroom accessories. We have developed an innovative mounting system called RIGID Loc to ensure bathroom accessories don't come loose or wobble free on their mounting.

ENGINEERED DOWN TO THE FINEST DETAIL

Firmly secured to the mounting, the unique RIGID Loc mounting pulls the accessory firmly against the cover plate and locks it securely in place.

Prevents Movement

The gripping ribs along with the adhesive template help prevent movement even on ultra-smooth surfaces.

Secure Mount

As the screw tightens the t-bar slides down the mounting locking the bathroom accessory securely in place.

GRADE 304 Stainless Steel

100% Recyclable, rust and flake free, durable and easy to maintain.

19 YEARS OF DESIGN INNOVATION

Established in South Africa, Bathroom Butler is a family owned business that has been manufacturing bathroom accessories for over 19 years. With our underlying passion for innovation, we are driven to constantly evolve to surpass market expectations and have been using smart materials such as GRADE 304 Stainless Steel in combination with sustainable design to produce top end heated towel rails and bathroom accessories that are as beautiful as they are functional.

HYGIENICALLY DRY

Bathroom Butler heated towel rails use Dry Element Technology or DET which ensures quicker heat up times, reaching optimum temperature within 10min. With the wattage of the average size heated rail being the same as a single light bulb, they don't cost much to run either.
